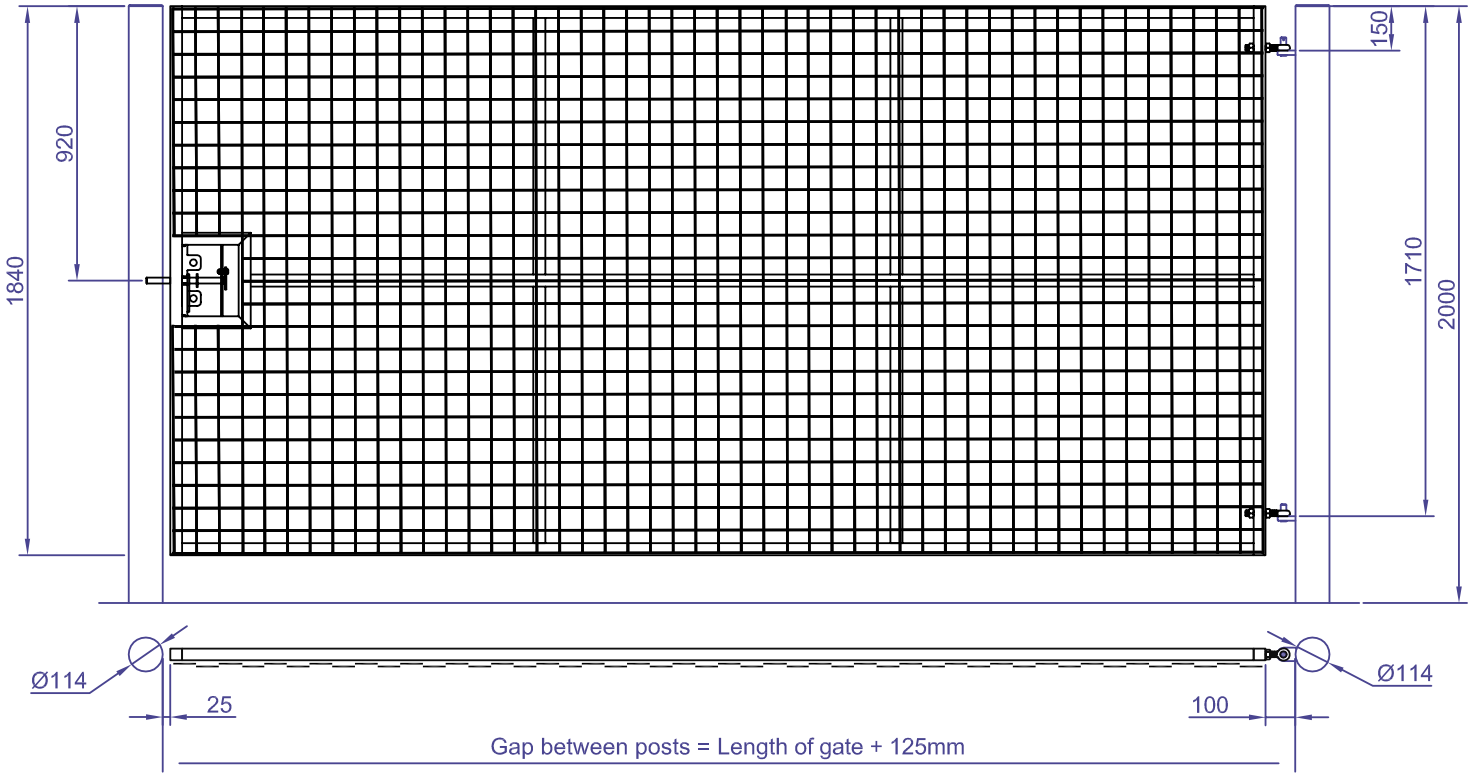
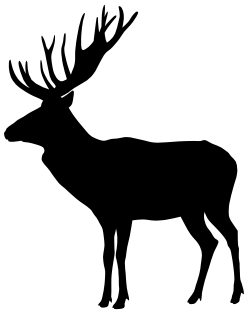
TORNADO®

DEER GATES





Tornado Deer Gates provide a secure entry and exit point through deer fencing without compromising the effectiveness of the fence. Fully meshed and 6' high they are constructed from a heavy box section frame which is clad with 75x75x4mm welded mesh.

All are supplied with 20mm adjustable eyes and a lockable sliding bolt. Single leaf deer gates are available from 4ft to 12ft and pairs up to 24ft. They can be used with 8ft 6ins galvanised gateposts, or can be fixed to wooden gateposts to suit individual requirements.

Features
Available in a range of widths from 4' to 12'
Pairs of deer gates available up to 24' (2 x 12' gates)
Box section ends and vertical box bracing adds strength and rigidity
Sliding lockable bolt as standard
Clad with 75 x 75 4mm welded mesh
Hot-dip galvanised after manufacture to BS EN ISO 1461
